Dear Sir:

Pursuant to 37 C.F.R. §1.56 and § 1.97(b), applicant hereby calls to the attention of the Patent and Trademark Office the following patents and other documents which are listed on attached Form PTO-1449.

1. U.S. Patent No. 740,847 issued October 6, 1903, to Glebsattel.
2. Exhibit A submitted herewith is a description of an "Austrian Hanging Wine Decanter" which Applicant admits to be part of the prior art and which has been available since the 1950's. The device does not include either a filter or an aerating device. It does include a valve in the lower end; to activate the valve the user must insert the plunger (lower end of decanter) into a glass and push up to dispense. Wine flows out, covering the plunger as it fills the glass. This is unsanitary as wine already in a glass can transfer germs to the plunger and thus to the next user.

Applicant respectfully requests that these references be considered by the Examiner and made of record as part of the "available prior art" under 37 C.F.R. §1.104.

A check is enclosed including the fee of \$180.00 for filing this Supplemental Information Disclosure Statement. The Commissioner is authorized to charge any deficiency or credit any overpayment in connection with this Supplemental Information Disclosure Statement to Deposit Account No. 23-0035.

Respectfully submitted,
